“Indonesia: Sea of Islands” fittingly describes this Southeast Asian nation with approximately 17,000 islands. Indonesia truly demonstrates “Unity in Diversity” the country’s motto. This workshop will present an overview of its history and culture; and examine its regional and global importance.

Indonesia’s democratic transition and overall stability are pivotal in the regional and global economy. Geographically, it sits at the crossroads of maritime trade for the entire region. As an important U.S. ally, it is also the world’s largest Muslim country. Culturally, its arts and music traditions are as diverse and rich as its population.

This interactive teacher workshop is co-sponsored by the East-West Center Arts Program and the Pacific and Asian Affairs Council (PAAC). There will be content presentations; hands-on Balinese music workshop; relevant K12 curriculum shared; and traditional dance performance.

- There is a \$10 non-refundable registration fee to help cover expenses.
- For neighbor island teachers, roundtrip airfare and one night of lodging (second night optional) at the East-West Center are available for neighbor island teachers—space limited.
- BOGO: (“buy one, get one free!”) Two teachers registering from one school are encouraged ! Fee will be \$10 for two teachers !
